

# Intelligent

One Station Square is part of the regeneration of the centre of Cambridge. It is home to some major brands including Amazon, Deloitte, Thales and Carter Jonas.

It is the largest building in the city centre, servicing around 800 people a day. It was built using sustainable materials and exceeding energy efficiency standards

## One Station Square Case Study

### The challenge:

Paper towels were the original hand drying method of choice. The tenants decided that hand dryers would be more cost effective and more eco- friendly. This would also match the eco credentials of the building.

### The results:

Estimated annual paper towel cost: £16,848 (based on 0.6p per paper towel)

Estimated annual cost to use new equipment: £349.44 - £823.68 (based on 12p per kW/h)

Estimated return on investment period:  
Payback period: approx. 0.48 – 0.5 years

***The service provided by Intelligent Facility Solutions Ltd, I can't recommend them highly enough. The hand dryers themselves are exactly what we required.***

Caroline Hodgson -  
Receptionist, One Station  
Square

## FACT FILE

### Hand dryer:

Dryflow Jet Force Pro

### Key benefits:

Low noise, fast drying, cost saving

### Rated power:

0.75 kW - 1.85 kW | 2.5 - 5.14 Wh per dry

Dryflow

## The Dryflow Jet Force Pro

The classic that never lets you down.

Recommended Ave Daily Use: 300+ (High traffic).

A Hand Dryer for Life: Dryflow hand dryers come with free repairs for life.
