

Technical Description

Available in white, black, pea green and orange with a chrome-plated push button and transparent window to view level. Impact-resistant ABS with Polyacetal plastic pump which offers enhanced chemical resistance and mechanical strength. Wall-mounted with key lock on top of the unit. Distinctive 'Soft line' family appearance.

Detail

714-716 Soft Touch Soap Dispenser

The Soft Touch soap dispenser is available in a bulk refill liquid 550ml (714) or a 500ml foam system with replacement cartridge (716). Soft Touch dispensers take on modern and creative forms and are available in a variety of contemporary finishes to compliment the modern 'away from home' washroom. The compact 500ml and 550ml capacities are suitable for low to mid-level traffic washrooms that wish to retain a minimal feel. The foam option offers more hand washes from the same sized dispenser.
