complies with BS7671,
18th Edition*

Available in: Spring Steel

FAST AND EASY TO INSTALL

50mm Cable Tray Clip.

Place the cable
tray clip over the
sides of the tray.

Lock in by hand
making sure that
gripping teeth
are now fixed on
both sides.

75mm - 225mm Cable Tray Clip.

Attach the side of the
cable tray bracket with
the gripping teeth first
by hooking firmly under
the trays return flange

Attach the opposite side
under the opposite return
flange and lock in by hand

Only 2-3 clips per length of cable tray required for installations to be in accordance with the parameters set by BEAMA Guide to Premature Collapse (2022)
