4+N EXTRA LOFT TELEPHONE

Reference

3394

EAN

8424299033945

Description.

Description

A new concept of telephone for the home. An integrated design, in line with new trends and lifestyles, simple and functional that combines quality and design.

Its purity of lines, technology and features make this equipment an elegant and perfect element for any home.

It is made of high-impact ABS plastic, with an easy-to-clean textured finish and ultraviolet protection for greater light resistance.

Wall installation and easy fixation.

Audio terminal. Installed in homes, it allows communication with the street panel and opening the door.

Conventional System: uses common wires for the entire installation plus 1 call (or call return) wire per home.

Recommended in small/medium-sized buildings (up to approximately 50 neighbors), with several entrances and a concierge center. For urbanizations with general entrance and inner blocks.

Cabling:

- Intercom: 4 common wires + N (1 call wire per home).
- Video intercom: 7 common wires + 1 video coaxial + N (1 call wire per home).

Maximum installation distance depending on the section of the cable used (consult technical manuals)

Technical Details

- On/off control
- With 2 pushbuttons for additional functions (without functions assigned).
