CL4000GD

Glass Door Control

The CL4000GD lock is designed for use on internal doors, and will easily fit new installations or can be quickly retrofitted.

The CL4000GD is a medium duty electronic patch door lock offering all the functions of the CL4000. Suitable for inswing doors, the lock fits existing Rondo type glass door preparations. As standard the CL4000GD is supplied with a flat strike plate for fitting to solid door frames. When fitting to a glass door with a glass side panel you will need to buy the patch strike box.

FEATURES

- Key override as standard
- 8mm ($\frac{5}{16}$ ") spindle
- Up to 100,000 operations (2 x AAA supplied)
- User Codes 4, 5 or 6 digits long
- Stores up to 80 User Codes
- Red LED will flash to indicate low battery
- Allows up to 10 one time User Codes
- Suitable for glass doors 8mm - 15mm thick
- Tamper time out and low battery warning
- Locked and unlocked LED indicator option
- Locks will fit doors hung on the left or right
- Suitable for inswing doors only
- Suitable for internal use

LOCK MODELS

Electronic Patch Door Lock

Medium duty brushed steel latchbolt head with 8mm ($\frac{5}{16}$ ") follower. Supplied with a flat strike plate for fitting to a solid door frame. Outside lever turns freely without operating the latchbolt. When a valid code is entered and the blue LED lights up, the lever will retract the latchbolt. When the door closes the spring latch will automatically lock the door.

The key will open the door for management functions. The key may be used to set the lock into Code Free option so that anyone can open the door without using a code (classroom function tailpiece required). Code Free option can also be programmed via the keypad.

ADDITIONAL FEATURES

Code Management

Program and manage codes via the keypad while the lock is on the door. All models also feature a Code Free option.

Remote Release

Two REM ports are provided for connection to external switches or alarm systems.

Storeroom Function

Fitted as standard i.e. the latch can be retracted by turning the key and engaging the handle.

Classroom Function

Tailpiece supplied to allow (when fitted) lock to be left in Code Free option via the key.

Strike Box

To use when installing to a glass door with a glass side panel as opposed to a solid frame. Available to purchase as a separate product.

Easy to install

On the door programming

Two year guarantee²

80

Up to 80 User Codes
