

Product Code

F04420

DOOR CONTROLLER

Reference

4420

EAN

8424299044200

Description.

Description

The door controller manages the devices present in each access: reader, electric lock, exit pushbutton, door sensor, etc.

When installed in the secure zone (interior), it lets you increase the security of access to the installation, since the device that drives the electric lock is beyond the reach of manipulations.

The door controller admits a reader for the entrance and another one for the exit and accepts Wiegand-26 bits or magstrip readers.

Reader wiring: 2 wires + screened twisted pair

Intercommunication wiring. 4 wires + screened twisted pair

Technical Details

Installed in 100 x 100 mm boxes.

Power supply: 12 Vdc

Details.

Product measurements (height x width x depth) mm
85 (H) x 88(V) x 25(P)mm
