Components & materials

- **FRONTAL PART:** one-piece part made of stainless steel AISI 304, satin finish, 0.8 mm thick. It incorporates a level display in the front part that constantly indicates the level of soap available inside the soap dispenser.
- **INNER TANK:** made of thermoplastic to prevent oxidation.
- **PUSH BUTTON:** made of chrome brass.
- **VALVE:** Anti-drip valve.

OPERATION

Place one hand just under the soap dispenser valve and press the push-button until the end of the soap dosage.

MOUNTING TEMPLATE

Recommended installation height: between 15 and 20 cm above countertop.

Fix the soap dispenser inside the hole in the wall using the supplied stainless steel plugs and screws through the holes indicated by an "S" in the following figure:
