DTE0020CS
Satin finish

General Description

- Recessed paper towel dispenser made in stainless steel AISI 304 shall hold and dispense approximately 200-400 units of paper towels.
- The stainless steel AISI 304 construction protects the product against rust and ensures quality and longevity.
- Robust and vandal-resistant, these dispensers are designed to be installed in any type of public washroom. Models for a more efficient use of the paper and suitable for different washroom environments: gymnasiums, sports centers, hospitals and health centers, hotels and similar type installations.
- This paper towel dispenser is supplied with a lock and special key for opening and screws. These dispensers are especially designed so that the paper can be easily replaced.
