

SiPass License Order Form

General Information

Please note that this form should always be accompanied by a valid purchase order which includes all the necessary information to create your license and the details will be deemed to be the correct master information. For references of all available SiPass® integrated part numbers and descriptions, please see the following pages.

NEW LICENSE	UPGRADE OF AN EXISTING LICENSE	SUR EXTENSION
✓ Fill out all information below ✓ Create a purchase order	✓ Calculate one ASL5000-SE Standard Edition - Upg (6FL7820-8AA10-1E) per licensed Client ✓ Create a purchase order	✓ Calculate the required SUR - QTY (6FL7820-8AA30-1L) per site value ✓ Create a purchase order / qty. year(s) (up to 3 years max.)

After initially activating your license, you are entitled to receive software updates, upgrades and technical support for one (1) year. This period can be extended by purchasing the corresponding quantity of Software Upgrade Renewal (SUR), multiplied by number of years. The quantity required for one year extension equals the total of the Product Values of the installation, so called Site Value. Please always get the actual Site Value from the LMS cockpit. Extension licenses can be added to the upgraded installation at any time. This will increase the Site Value.

Please send the completed and signed order form to our Customer Service team.

Visit [here](#) for email address.

The SiPass Software License Agreement for Value Added Partners of acre security (Version: November 2019) applies to this order.

Base and Starter Packages

- ✓ SiPass integrated* is available in different base packages depending on the size of the access control installation.
- ✓ Any package can be extended with any available option or quantity of doors, cardholder and so on.
- ✓ SiPass Startup licenses (require 2.85 HF5 or higher) provide support to starting-up and commissioning a new site, while deferring the initialization of the "Subscription Expiration Date" until the project is handed over to the customer.
- ✓ A SiPass Startup license enables the functionality of the feature set based on the package (Standard, Connected, Facility, Optima, or Corporate).
- ✓ The Startup license must fit to the later-used customer base license; e.g. order a Optima Startup license if the site will be operated with a Optima base license later.
- ✓ Each SiPass Startup license is **valid for 60 days** after activation. Multiple SiPass Startup licenses can be applied one after the other, if needed.
- ✓ Once the Startup license is expired, it is no longer possible to operate the Clients and a corresponding message is shown.
- ✓ Seven days before the expiry date, a message is shown in the status bar of the Clients to inform the operator about the expiration in X days.

SiPass Integrated Packages	Article No	Content

Extensions, Upgrades and Options

Software Extensions

The following extensions are available for all the SiPass Integrated software packages except the Starter. The extensions can be installed at multiple sites.

Part No	Extension	Description
6FL7820-8AD10-1L	ASE5100-BA 1,000 Card Extension MP2.8 +	The SiPass Integrated database is extended for additional Cardholders
S54511-P22-A2-L	ASE5100-BB 10,000 Card Extension MP2.8+	
6FL7820-8AD20-1L	ASE5100-DO Extension 8 Doors MP2.8 +	The SiPass Integrated database is extended for additional Doors
S54511-P22-A1-L	ASE5100-DE Extension 32 Doors MP2.8 +	
P54511-P12-A1-L	ASE5100-OC License 8 Offline Doors MP2.8 +	The SiPass Integrated database is extended for additional Offline Components
P54511-P106-A1-L	AAC-100-OC 100 Offline Door Expansion MP2.8+	
6FL7820-8AA30-1L	SiPass SUR	Renewal of the Software upgrade subscription

The following packages are available for software upgrade from version X to MP2.8+.

After initially activating your license, you are entitled to receive software updates, upgrades, and technical support for one (1) year from date of activation.

We strongly recommend extending this period by purchasing the corresponding quantity of Software Upgrade Renewal (Site Value), multiplied by number of years. The quantity required for one year extension equals the total of the Product Values of the installation, so called Site Value can be evaluated with this tool.

Part No	Upgrade Package	Site Value
6FL7820-8AA10-1E	ASL5000-SE Standard Edition - Upgrade	188
