

Product Code: CHOICE RSTAT1T

Luckinslive 404674168

Description: Tamperproof Heating Thermostat

General Information

Dimensions (mm)	83 x 83 x 37
Colour	White
Sensor Type	Dual Mechanical Diaphragm
Materials	ABS
Tamper Resistant	Yes (Tamper Resistance Cover with Screw)
Warranty (Years)	3

Programming

Set Temperature Range (°C)	10 to 30
Temperature Differential (°C)	Approx. 4

Supply & Power

Maximum Switchable Voltage	230
----------------------------	-----

Environment

Ingress Protection	IP21
Operating Temperature (°C)	0 to +40

Additional Information Double Insulated Construction

Features

Dual Diaphragm Temperature Sensing Element
Suitable for Surface or Pattress Box Mounting
10 to 30°C Set Point Range
10 Amp Current Rating
Double Insulated
2 Wire Installation

Outputs

Output Relay Resistive Load Rating (A)	10
Output Relay Inductive Load Rating (A)	3
Output Type	Volt Free SPDT (Heating and Cooling Load)
