

# HDVIEW IP

## Technical Specification

Product Code: HC828BB

Description: HDview IP 24/7 IP PoE 8MP 2.8mm Bullet Camera

### General Information

|                  |                                         |
|------------------|-----------------------------------------|
| Dimensions (mm)  | 71 x 71 x 187                           |
| Colour           | Black                                   |
| Materials        | Powder Coated Aluminium Alloy & Plastic |
| Weight (Kg)      | 0.42                                    |
| Warranty (Years) | 2                                       |

### Supply & Power

|                          |                      |
|--------------------------|----------------------|
| Operating Voltage (V DC) | 12 ± 25%             |
| Power Consumption (W)    | 11                   |
| Power Consumption (A)    | 0.916667             |
| Other Power Sources      | PoE (IEEE802.3af/at) |

### Media Information

|                         |                                                                                                |
|-------------------------|------------------------------------------------------------------------------------------------|
| Effective Pixels        | 3840 x 2160 (8MP)                                                                              |
| Sensor Size (")         | 1/2.7"                                                                                         |
| Lens size (mm)          | 2.8                                                                                            |
| Lens Type               | Fixed                                                                                          |
| Viewing Angle (°)       | 98.7 (H), 53.6 (V), 113.4 (D)                                                                  |
| Electronic Shutter Type | Auto / Manual                                                                                  |
| Speed (sec/°)           | 1 to 1/100000                                                                                  |
| Frames Per Second (FPS) | 30 Max.                                                                                        |
| Maximum IR Distance (m) | 40                                                                                             |
| IR Wavelength (nm)      | 850                                                                                            |
| Microphone Supported    | Built-in                                                                                       |
| Speaker Supported       | Built-in                                                                                       |
| White Light Range (m)   | 40                                                                                             |
| Day/Night               | Dual Light (IR & White Light)                                                                  |
| Hardware Reset Button   | Yes                                                                                            |
| Basic Detection         | Motion detection, Ultra motion detection, Tampering alarm, Audio detection                     |
| Intelligent Detection   | Cross line detection, intrusion detection, enter area detection, leave area detection (support |

### Network

|                   |                                                                                           |
|-------------------|-------------------------------------------------------------------------------------------|
| Interface         | 1 x RJ45 female (10/100M Base-TX Ethernet)<br>1 x DC female (2.1x5.5mm)                   |
| ONVIF Compliant   | Yes; Profile S, Profile G, Profile T                                                      |
| Network Functions | IPv4, IPv6, IGMP, ICMP, ARP, TCP, UDP, DHCP, PPPoE, RTP, RTSP, RTCP, RTMP, DNS, DDNS, NTP |

**Supplied** 1 x QSG, 1 x camera, 1 x installation pack & 1 x mounting sticker

**Compatible Products** For use with HC & H1C series of HDview IP 24/7 NVRs

### Accessories

BBB1: HDview IP & Rekor IP 24/7 Bullet Deep Base - Black

### Features

Enhanced sensor for better low light viewing

Unit 7 Target Park, Shawbank Road,  
Lakeside, Redditch B98 8YN United Kingdom
