

EXPANSION CARDS

I/O Board Enclosure

Features

- ▶ Matching design & colour scheme for Kentec new style control panel range
- ▶ Easy to install
- ▶ Incorporates Kentec's "Quick Fit" lid & equipment chassis
- ▶ Front panel mounted status led indication
- ▶ Space for 3.2Ah batteries
- ▶ Choice of power supplies

Description

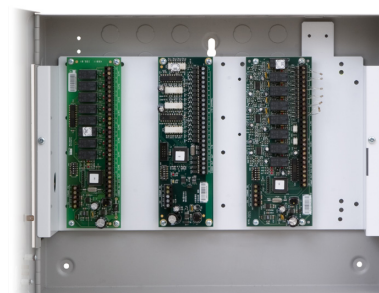

A range of enclosures designed to house I/O modules with or with a power supply.

The I/O enclosure offers the installer the flexibility to create their own customised I/O panel.

The standard I/O enclosure can hold up to 3 Syncro I/O modules or 2, if a power supply is incorporated.

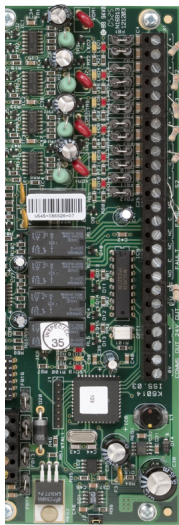

2 x I/O boards with PSU

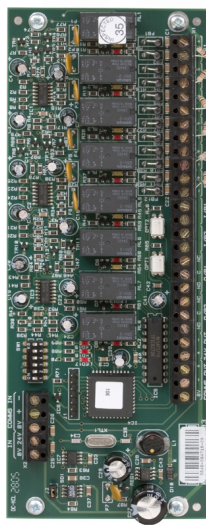

3 x I/O boards without PSU
