

PS4825A

POWER SUPPLY UNIT 48V 2.5A DIN RAIL

Power supply unit with DIN rail mounting. Input 90-264 VAC, output 48 VDC/2.5A (120 W).

PS4825A

POWER SUPPLY UNIT 48V 2.5A DIN RAIL

MAIN FEATURES

Output supply voltage	48VDC
-----------------------	-------

ELECTRICAL SPECIFICATIONS

Maximum current absorption (mA)	1300
---------------------------------	------

GENERAL DATA

Supply voltage	90÷264VAC
----------------	-----------

Width (mm)	40
------------	----

Depth (mm)	113.5
------------	-------

Type of finishing materials	Metallic
-----------------------------	----------

Product color	Steel
---------------	-------

Operating temperature (°C)	-20 ÷ 70
----------------------------	----------
