

Sonos Voice

The Sonos voice range combines normal sounder signals with a clear, synchronised voice message to help reduce confusion and distress during an active alarm.

Units are available up to 3 pre-programmed messages, selected from an extensive message library covering almost any conceivable application. Bespoke messages are also available on request.

These sounders can be used in safety system installations to output up to 3 intelligible messages, triggered depending on the 0v input connection.

Both Sonos voice enhanced variants are available as sounders or sounder-beacons in either red or white, with shallow or deep base (IP65) options for indoor and outdoor applications.

Features

- Up to 3 voice messages
- Output can be Tone, Voice message or combined for improved clear notification
- Extensive message library or bespoke messages available
- Automatic synchronisation
- Easily retro-fits to existing installations
- High efficiency LED Beacon option
- Blue lens option is supplied pre-configured with VConfig200 as standard 'Area in Lockdown, Danger, Do not enter'

Deep Base

Shallow Base

Specifications

Part No.	Colours	Audibility at 1m Dimensions:	Voltage	Current (tone dependent)	Messages
PSV-0010 shallow base	Red	Up to 106dB (A)	12/24DC	26mA (max)	3
PSV-0009 deep base	Red	Up to 106dB (A)	12/24DC	26mA (max)	3
PSV-0012 shallow base	White	Up to 106dB (A)	12/24DC	26mA (max)	3
PSV-0011 deep base	White	Up to 106dB (A)	12/24DC	26mA (max)	3
PSV-0013 deep base	Red base, red lens	Up to 106dB (A)	12/24DC	30mA (max)	3
PSV-0014 shallow base	Red base, red lens	Up to 106dB (A)	12/24DC	30mA (max)	3
PSV-0015 deep base	White base, clear lens/red LED	Up to 106dB (A)	12/24DC	30mA (max)	3
PSV-0016 shallow base	White base, clear lens/red LED	Up to 106dB (A)	12/24DC	30mA (max)	3
PSV-0020 deep base	White base, blue lens	Up to 106dB (A)	12/24DC	30mA (max)	3

IP Rating: IP65 (deep base) IP21 (shallow base) **Operating Temp:** -25°C to +70°C **Construction:** Flame Retardant Polycarbonate
Cable Entries: Deep base: 2 x 20mm cable glands **Weight:** 0.22kg (shallow base) 0.25kg (deep base) **Compliance:** EN60950
