

Product Description: Flexible Power - 6242Y TWIN & EARTH (H07VV-U)

This is to certify that all Flexible Power 6242Y TWIN & EARTH (H07VV-U) cables sold by Securi-Flex conform to the following standards:

| STANDARD        | DEFINITION                                                                                                                                                                                                                                                                                                                                                                                                 |
|-----------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| BS 6004:2012    | Our product demonstrates full adherence the regulatory stipulations of BS 6004:2012 a British national standard that specifies requirements for the construction and performance of PVC-insulated and PVC-sheathed cables for voltages up to and including 300/500 V. These cables are commonly used for electric power and lighting applications. The standard also includes test methods for the cables. |
| RoHS2 compliant | Our products, demonstrate full adherence to the regulatory stipulations of the EU Directive 2011/65/EU (RoHS-II) and its corresponding delegated directive 2015/863 (RoHS-III) and does not contain hazardous substances.                                                                                                                                                                                  |
| REACH compliant | Our products, demonstrate full adherence to the regulatory stipulations of the EU Directive No 1907/2006 (REACH), ensuring they do not contain Substances of Very High Concern (SVHCs) above threshold levels.                                                                                                                                                                                             |

The goods specified herein have been procured from a manufacturer duly approved by Securi-Flex Limited and have been produced in strict accordance with the relevant standards, technical specifications, and descriptions as stated above.

These goods have been maintained and stored appropriately, remain unused, unaltered and have been inspected and verified in accordance with the requirements of our established quality and warehouse management system prior to being placed on the market.
