

Product Description: Type 1 Alarm Cables

Manufacturer: Securi-Flex Limited (“SFX”), Unit 4 Mackley Industrial Estate,
Henfield Road, Smallldole, West Sussex, BN5 9XR

This is to certify that all Securi-Flex (“SFX”) branded Type 1 Alarm cables conform to the following standards:

STANDARD	DEFINITION
BS4737-3.3:2015	BS 4737-3.3:2015 is part of the British Standard 4737 series, which outlines requirements for intruder and hold-up alarm systems, specifically focusing on cable construction and performance used in these systems (100Ω/KM LSZH/LSZH Tinned Copper).
BS4737-3.3:2015 for the internal core / rip cord specifications	Under BS 4737-3.3:2015, cables used for intruder alarms and similar security systems must meet specific requirements for A rip cord (when provided) must be strong enough to allow the installer to neatly strip back the outer sheath without damaging the cores, located beneath the sheath but outside the core bundle, made from a durable synthetic fibre (e.g., nylon or polyester + Green)
EN50575:2014+A1:2016	Our product demonstrates full adherence the regulatory stipulations of EN 50575:2014+A1:2016, which specifies requirements for the performance of power, control, and communication cables regarding reaction to fire under the Construction Products Regulation (CPR).
REACH compliant	Our products, demonstrate full adherence to the regulatory stipulations of the EU Directive No 1907/2006 (REACH), ensuring they do not contain Substances of Very High Concern (SVHCs) above threshold levels.
RoHS2 compliant	Our products, demonstrate full adherence to the regulatory stipulations of the EU Directive 2011/65/EU (RoHS-II) and its corresponding delegated directive 2015/863 (RoHS-III) and does not contain hazardous substances.

The goods specified herein have been procured from a manufacturer duly approved by Securi-Flex Limited and have been produced in strict accordance with the relevant standards, technical specifications, and descriptions as stated above.

These goods have been maintained and stored appropriately, remain unused, unaltered and have been inspected and verified in accordance with the requirements of our established quality and warehouse management system prior to being placed on the market.
