

TRENDnet®

TEG-25GECTX 2.5GBASE-T PCIe Network Adapter

TRENDnet's 2.5GBASE-T PCIe Network Adapter converts a free PCI Express slot into a 2.5GBASE-T Ethernet port. Contact us to learn more!

2.5G Port

2.5G network adapter supports three speeds: 2.5Gbps, 1Gbps, and 100Mbps.

Jumbo Frame

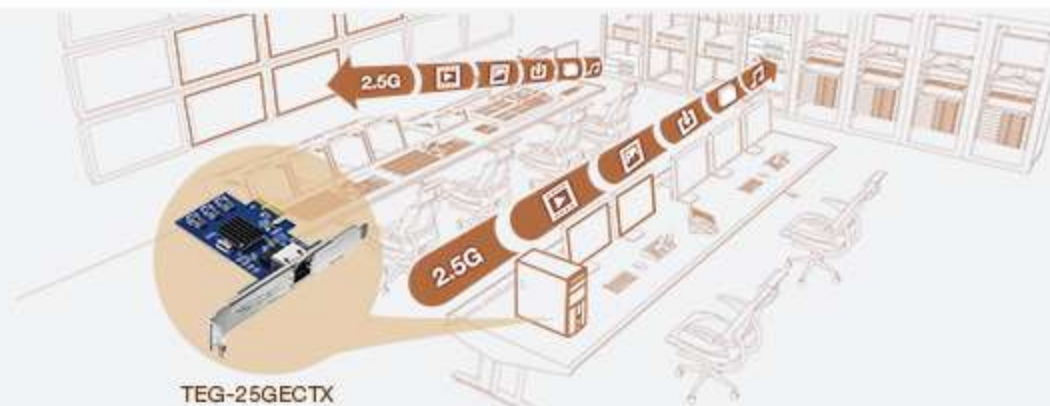

Sends larger packets, or jumbo frames (up to 9KB), for increased performance.

Operating Systems

Compatible with Windows®, Windows® Server, and Linux® operating systems.

- Converts a PCIe slot into a 2.5G Ethernet port
- Supports 802.1Q VLAN Tagging
- Includes standard and low-profile brackets
- Windows® and Linux® support
- IEEE 802.3ab and 802.3bz compliant
- Supports up to 9KB jumbo frames
