

TI-RP262

26-Port Hardened Industrial Gigabit PoE+ Rackmount Switch

TRENDnet's Hardened Industrial Gigabit PoE+ Rackmount Switches each feature a rugged IP30 rated metal enclosure. Contact us to learn more!

Industrial Applications

Networks devices for manufacturing, general industrial, warehousing, surveillance, and corporate applications.

PoE+ Power

Provides full PoE+ (30 watts) per port for devices, such as access points, cameras, access control equipment, and more.

Extreme Environments

Hardened IP30 switch, with a -40° to 75° C (-40° to 167° F) operating temperature range, functions in most environments.

- 24 x Gigabit PoE+ ports
- 2 x Gigabit fiber SFP ports
- 685W Full PoE power budget
- Redundant power inputs with overload current protection
- Powers supply sold separately (Models: TI-S48048, TI-RSP100048)
