

TruVision TVD-CB3 Cup Base Installation Instructions

Dimensions

Dimensions:

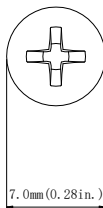

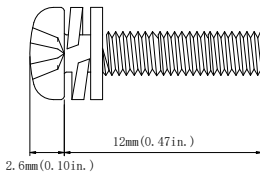

Weight: 237g (0.52lb.)

Accessories:

Screw A: 4pcs.

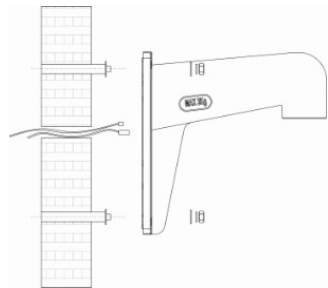

Used to install the camera adapter plate to the cup base.

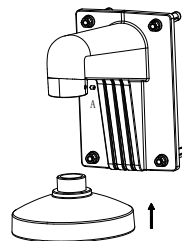

To mount a turret camera to a TVD-CBW wall mount with a TVD-CB3 cup base:

It is a similar process for TVD-SNB and TVD-PPB.

1. Route the camera cables through the wall mount. Attach the wall mount to the wall using the expansion anchors that are provided with the TVD-CBW.

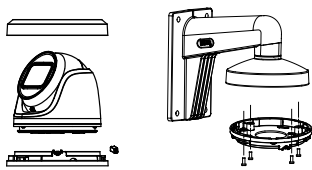

2. Screw the cup base onto the wall mount and tighten with the locking screw, as shown below.

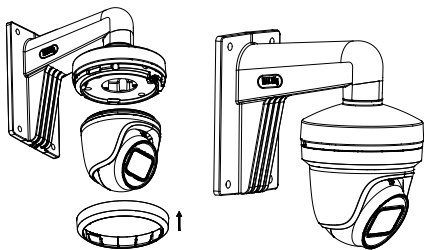

3. Rotate the trim ring counterclockwise to remove it from the camera. Attach the

camera base to the cup base using the screws provided with the camera.

- 4. Connect the cables from the camera to the cables routed through the wall mount.
- 5. Reattach the camera to the camera base. Then, attach the trim ring to the camera and rotate it clockwise to secure it.
