TECHNICAL DATASHEET

CONNECTION BOX

A product designed to junction and terminate fire rated cabling. A robust connection box enabling installers and designers to extend system wiring to additional Identifire or third party products. The product is in a single gang format for consistency with the wider range.

As with all Identifire products, this product is designed to fit any recessed single gang box, giving a flush finish or surface mounted using the Identifire surface box.

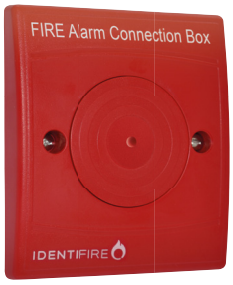

Body colours available are Red and White.

The Connection Box can be customised with your choice of logo and text in any language*
