## Features

- **Modern Minimalist Design** : The black hanging pendant light with a hexagonal shape looks creative and special over the table, adding more fashionable elements to your room. The LED ceiling light brings a unique and modern atmosphere. This pendant light fixture is perfect for a kitchen island, study, living room, dining room, or office. The hexagonal shape allows you to mix and match combinations as you please, offering a wide range of creative possibilities.
- **Multiple installation methods are available**: You can adjust the hanging pendant light according to the ceiling height. It supports both hanging and flush mounting options.
- **Elegant Design**: With its single-head industrial, simple modern style, this lighting fixture will infuse a contemporary vibe into your space, creating a warmer and more welcoming atmosphere.
- **Application Places**: The minimalist LED chandelier is suitable for various settings such as the dining room, living room, office, hotel, staircase, foyer, hallway, and more. It offers a charming ambiance with bright lighting.
