Sure Energy

150W PREMIUM LED FLOODLIGHTS

WARRANTY 2 YEARS

SKU Code: T222

Technical Specifications

Voltage	85V-265V
Power	150W
Body material	Aluminium
Input cable length(cm)	50
Input cable dia	3x0.75mm2, RUBBER
RA	80
P.F	0.95
Lumens	15000
IP Level	IP66
Driver	Waterproof isolated
Glass Cover	Tempered Glass
Warranty	2 years

*POWER & LUMEN CAN BE ±5%

Energy efficient and high performance

Latest LED technology using Epistar SMD LED chips, the days of changing lamps every few months are a thing of the past.

LED fittings give instant start compared to the warm up times associated with metal halide and SON lamps, making them suitable for both security and general floodlighting.

Backed by a 2 year warranty.
