T304

Ean Code on box:

5061004712141

Packing

Inner packing Qty

1 pc/ Box

Outer Carton Packing Qty

1 sets/Carton

Features

- Unique hexagonal combination design, stylish appearance, no flicker, no glare with a colour temperature of 6500K. It brings a daylight-like lighting experience to your garage by reproducing the true colour of your car showroom or objects better than other hexagonal garage lights.
- The tube is wider, the light-emitting surface is larger and brighter, Wider range of lighting. The led shop lights installation is tighter than other shops and not easy to loosen. DIY design, you can splicing different shapes according to personal preferences
- Each tube utilizes quick connects to expedite the assembly of the panel and can be ceiling-mounted with the included mounting hardware. Hexa-tube 5 Pack LED is ideal for all vertical and horizontal surfaces with its hassle-free installation and quick setup.
- Bright car showroom lighting with a soft diffuser makes for excellent detailing, which requires fixtures with higher lumen output and better light distribution due to their larger size.
- **Multiple Uses:** These car showroom lights can be surface-mounted or suspended from the ceiling for easy overhead task lighting. Commercial garages include auto shops, mechanic shops, small warehouses, and professional workshops.

Technical Parameters

Model No.	ZT1028
Material	PC
Light Source	LED
Led beads qty	3204pcs
Led Tubes	57pcs
Connectors	56pcs
LED Tube Type	T5
Color Temp.	6500K
Total Lumens	62976lm
Product Size	440*23.6*38.1mm (57pcs/sets)+ 1175*23.6*38.1mm(12pcs)
Product Width	23.6mm
Product Net weight	70g/pc
Voltage	200-240V
Total Power	600W
Ra	80
Installation method	Ceiling mounted
LifeSpan	25,000hours
Beam angle	120degree
