Packing

Inner Qty

1pc pack

Our Surface Mounting Frame Kit can be used with slim or back lit led Ceiling LED panel Lights. They are suitable for both commercial and domestic applications and are designed to fit directly into existing standard plasterboard ceilings without the hassles of having a false ceiling or any frames to cut and made. The screwless design makes the panels simply click in to each other and hence time-saving for installers

Features

- **Durable and Stable:** The led 600 x 600/1200x300/1200x600mm surface mount is made of high-quality, 6063 aluminum material with white coating, corrosion and oxidation resistance
- **Screwless Design:** Easy to Install and Time Saving for Electricians. No Screws are needed. Simply click in all 4 sides to each other in a few seconds.
- **Wide Application:** Fits directly into existing standard plasterboard ceilings without the hassles of having a false ceiling or any frames to cut and make. Can be used in a garage, office, workshop, workbench, kitchen, basement, closet, storage room, warehouse, and hallways so on
- **63mm Depth:** It allows to fit the drivers of LED Panels comfortably and sufficient heat dissipation
- Quick and easy self-assembly.

*LED Panels not included and needs to be purchased separately.
