LED Magic RGB Strip Lights

SKU Code: T446

16.4ft 5M RGB SMD 5050 Tape Lights Kit IP65 Waterproof Flexible Rope Lights Colour Changing with 44 Keys Remote Control for Home Christmas Festival Decoration.

Features

16.4FT Lights All in One Kit: 2019 new LED strip kit includes RGB led strip lights, IR remote controller with 44 keys, power adaptor and connectors. No other accessories are required. But please note here: please don't load it more than two strips. We suggest one power adapter for two strips. When the strip still on the spool, you want to test it, please be careful not to exceed 2 minutes, otherwise it will accumulate heat and cause the strip to overheat.

Strongly Viscous & Cuttable: Installing strip lights is extremely easy. Trusted self-adhesive backing tape is mounted on strip and ensures long lasting adhesion to any clean, dry, and smooth surface. The working voltage is 12V DC, extremely low heat for long lifespan.You can cut every 3 LEDs along the cutting marks without damaging the rest strips.Flexible to install anywhere you want.

Colourful Lighting Effect: The LED strip lights can be set to automatically change colour and speed periodically through the remote control. In the case of monochromatic light, the brightness of the light can be adjusted freely. In the mode of automatic light conversion, the pause button can select a colour to stop the light changed. Led Strip Lights with 44 Key IR Remote Controller, provide RGB (red, green, blue), and also 16 multicoloured options to DIY your favorite colour to decorate your room.

Multiple Scenes Available: Best decoration; you can decorate and light up at anyplace and at any occasion, such as household adornment (kitchen, living room, bedroom, TV background, mirror, door, wall, stairs, ceiling, under cabinet); especially great for Holidays and Events like Christmas, Halloween, Parties, and more. It is a great gift for your family and friends.

All in One Kit: Plug and Play; this led Light strips kit includes 1pcs 150 SMD 5050 LEDs, 16.4ft/5m IP65 waterproof RGB strip, 1pcs 44 key IR remote controller, and 1pcs 2A 12V power adapter (BS Plug), you do not need spend extra time and money to buy other accessories.

Technical Specification

Control method	:	IR
