Description

Elevate your outdoor space with our Outdoor LED Modern Wall Light. This sleek and stylish wall light provides a stunning glow effect, enhancing the beauty of your garden, courtyard, or walkway. Crafted from high-quality LED chips and a high-translucent acrylic shade, it ensures even light distribution and excellent heat dissipation. Designed for durability and energy efficiency, this IP65 waterproof light is perfect for adding a touch of elegance and safety to your outdoor environment.

Features

- **Modern Design:** With a sleek matte black finish and contemporary design, this wall light adds a touch of sophistication to any outdoor or indoor setting.

- **High-Quality Materials:** Constructed with premium LED chips and a hightranslucent acrylic shade, it ensures uniform light distribution and superior rust resistance.

- **Energy-Efficient:** This 12W LED wall light is designed to reduce electricity consumption, helping you save on energy bills while providing bright illumination.

- **IP65 Waterproof:** Built to withstand the elements, this light features an IP65 rating, making it perfect for outdoor use in all weather conditions.

- **Easy Installation:** Comes with all necessary mounting hardware and clear instructions for a hassle-free setup. No need to run wires through walls, making installation quick and easy.

- **Safety and Maintenance:** Features short circuit protection and a robust design, requiring minimal maintenance and ensuring long-lasting performance.

Only for RGB T486
