Ideal for using on front door, back yard, walkway, stairs, outside wall, garage, driveway, deck, and patio. This solar light combines practicality and decoration.

Product Features

- **High Conversion Rate:** This solar led lamp provides higher power efficiency and energy conversion rate than other similar products. 48 Led beads can emit brighter light.
- **3 Lighting Modes:** This solar lamp offers 3 lighting modes: Micro-mode+Induction mode, Induction mode, always light mode.
- **High waterproof level:** It is waterproof IP65. This unique design can prevent indoor water infiltration when it rains, improving the weather protection function. They are made for the outdoors and you will not have to worry about them despite the bad weather.
- **Widely Used:** Perfect for using on front door, back yard, walkway, stairs, outside wall, garage, driveway, deck, and patio. This solar light combines practicality and decoration.
- **Easy Installation:** Since it's solar powered and requires no wiring, the installation process will not waste you too much time. Just install it in a spot with some sunlight and it's good to go. That means even for apartments or rental houses, it is also suitable.
