

# WATERPROOF 13A SINGLE BS SOCKET WITH SWITCH

 **IP66**

 **13amp**

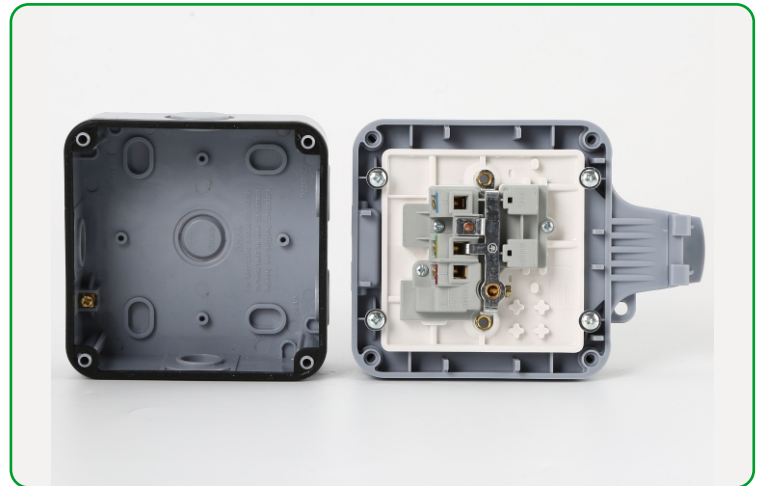

**Weatherproof socket very suitable for use in outdoor garden, workshop, yard and commercial applications.**

## Product Features

---

- Designed to protect the potentially dangerous electricity supply in the most arduous of conditions, our range of IP rated weatherproof wiring accessories offer the best solution to safe outdoor power. This Single Pole 1 Gang 13 amp Switch Socket is IP66 rated for protection against water ingress. It has a robust, high impact UV stable switch housing for 360° protection and safety.
  - This Outdoor Socket is easy to install. It has clearly marked terminals with backed out captive screws. There is a choice of cable entries on four sides of the housing to cover all cable entry requirements. There are 2 rubber wall fixing seal covers to ensure protection against water ingress. (Wall fixings are not supplied)
  - All cable entries in the four sides have removable blanking caps. There is also a drill out entry on the rear face. A choice of 2 Earth terminals are located inside the mounting box for ease of installation and safety.
-
