

**Product Code:** GUARDCAMLEDWIFI

**Description:** 16W LED Floodlight with Built in Camera, PIR and Integrated 16GB SD Recording Device

General Information	
Dimensions (mm)	290 x 160 x 140
White Balance	Automatic
Exposure Control	Automatic
PIR Angle (°)	160
PIR Range (m)	<10
Warranty (Years)	3
Supply & Power	
Supply Voltage (V AC)	100 - 240
Construction	
Materials	ABS
Finish	Black
Mounting	Surface Only
Transmission	
Connection Type	Wi-Fi
Wireless Frequency	2.4GHz (IEEE 802.11 b/g/n)
Wireless Range - Open Field (m)	150
Recording	
Recording Storage Device	Micro SD Card (128GB Max. Class 10)
Video Resolution	HD 1080p
Recording Format	AVI
Luminaire Output	
LED Lamp Type	16 x SMD 2835
Colour Temperature (K)	5000
Mains Luminous Flux (Lm)	1500
LED Life (Hours)	40000
Environment	
Ingress Protection	IP55
Operating Temperature (°C)	-20 to +40

Features	Supplied
Wi-Fi 1080p Security Light for Remote Viewing Time & Lux Adjustment for LED Security Lamp Notifications via APP Up to 400 Video Clips Stored onto Supplied 16GB Storage (Expandable up to 128GB) IP55 Rated Robust Housing for External Applications Requires 2.4GHZ Wi-Fi	User Manual, 8GB Micro SD Card, Mounting Screws & Wall plugs
